Ler à lupa

30 December, 2015

**Future Libraries: Workshops Summary and Emerging Insights [Internet]. Arup University; 2015.**

*Libraries are going through a renaissance, both in terms of the social infrastructure they provide and in terms of a diversification of the services and experiences offered.*

**Future Libraries: Workshops Summary and Emerging Insights [Internet]. Arup University; 2015.**

*Libraries are going through a renaissance, both in terms of the social infrastructure they provide and in terms of a diversification of the services and experiences offered. In corporate environments they are playing an increasingly important role in the provision of collaborate workspace and innovation. In communities they are evolving into hubs for education, health, entertainment and work.*
